Briefly discuss the key dates for the project.

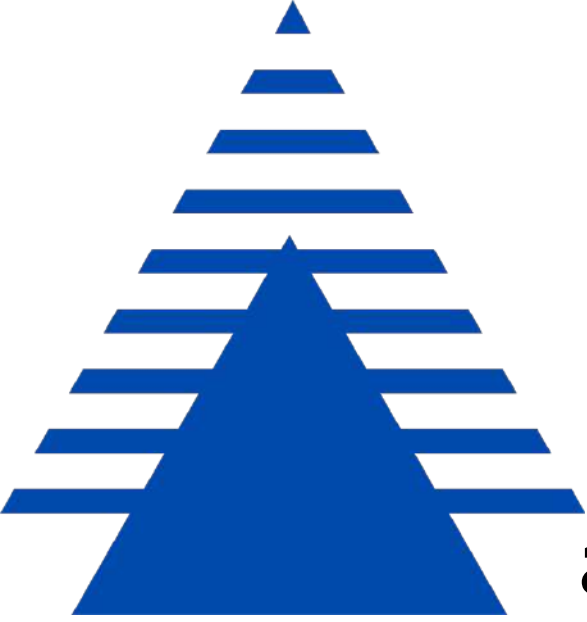

The institution focuses on four aspects essentially: Global Standards, Value-based Education, Interdisciplinary Research and Sustainable Development. In order to inculcate a strong sense of self-reliance and resourcefulness in the young minds, the institution imparts not just skill-sets but also ensures holistic development and grooms the students to be self-confident and independent. The institution has entered into various MoUs with institutions and bodies of national and international repute to offer value added programmes in finance, accounting, logistics, aviation, English language, IT, sustainability and other sciences thereby providing contextual subject knowledge in their domain. There are programmes designed keeping in mind the industry requirements thereby bridging the gap between the industry and University curriculum. The institution also encourages the students to indulge in research activities promoting critical thinking and knowledge generation.

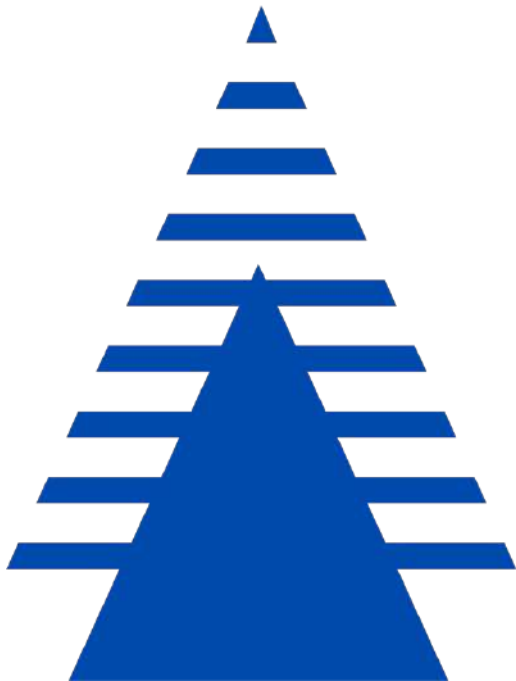

The institution to attain its goal of education for all as aligned with UNSDG provides with various scholarships to the students who are socially and economically deprived.
